

I. Patterns by Enlargement Method And Needlework Technique

This index is for both volumes of *Fashions of the Gilded Age*. For each entry, the volume number is given, followed by a colon, then by the page number(s); then, if appropriate, by a semicolon, another volume number, then page number(s). References to the introduction and chapter 1 are given as 1 & 2, since this material is repeated with the same page numbers in both volumes.

Numbers in parentheses distinguish different patterns with the same name.
